CROSS COUNTRY: The cross-country course should include a variety of introductory obstacles including a bank up with a mandatory option, a ditch with a mandatory option, a brush and possibly an inviting water crossing. The fences shall be simple, straight forward, clear in definition, solid in appearance, with true ground lines and inviting to jump. ***Combinations are not recommended. If combinations are included, they must be straight forward and with at least 2 strides between obstacles.***

Max height	.78 m	All straightforward fences should be built to the height of the level being jumped. Using different shades of colours or clearly differentiated colours is recommended. Avoid optical illusions and also avoid reflective materials/gloss paint/shiny varnishes. Capping and revetting of banks and ditches is obligatory. Approaches to obstacles should be on flat or gently rising terrain. Corner fences or bounce fences are not permitted. Water may be flagged on the exit side only, with no jumping effort permitted entry or exit. A simple obstacle after the water is permitted providing it is situated not less than 4-5 strides after the water exit flags. An option to the flagged water crossing is mandatory. Recommended depth 10-15 cm, not to exceed 30 cm. Ditches – A shallow ditch is permitted. The take off must be well defined and the obstacle clearly visible as a ditch with a mandatory option. Banks – A small bank up is permitted with a mandatory option. <i>Drops are not recommended but if included must have option.</i>
